

OFFICIAL VENDOR PROPOSAL: SOIL AMENDMENT AND UREA SUPPLY

1. EXECUTIVE SUMMARY

We are pleased to submit our proposal for supplying high-quality agricultural granulated urea and superphosphate fertilizer.

2. COMPLIANCE SPECIFICATIONS

2.1 Granulated Urea Chemical Analysis:

We guarantee a minimum nitrogen content of 46.5% dry weight for all granulated urea deliveries. Our moisture content is strictly controlled and will not exceed 0.4%.

2.2 Superphosphate Chemical Analysis:

Our superphosphate product contains 19.0% phosphorus pentoxide (P_2O_5) by weight. The granule size is guaranteed to be within the range of 1.5mm to 3.5mm.

3. LOGISTICS AND SUPPLY CHAIN

All fertilizers will be shipped in double-layered 50kg bags. Delivery is guaranteed within 30 days of contract signature, well within the requested window.
